

Pallet Transportation Robot

GALAXIS

Very narrow aisle
Flexible docking
Fast deployment

Pallet transportation and storage solution

Capable for pallets and large-sized goods
Handling with maximum 1000kg

Multiple applications

PTR-CL1

Max. Hoisting Height

2m

Rated Speed

1.2m/s

Position Deviation

Correction with Lidar

Navigation

**Hybrid
SLAM+QR code**

Max. Payload

1000kg

Aisle Width

1650mm

CE certified

GALAXIS

Application

Docking

Multi-level shift

Storage

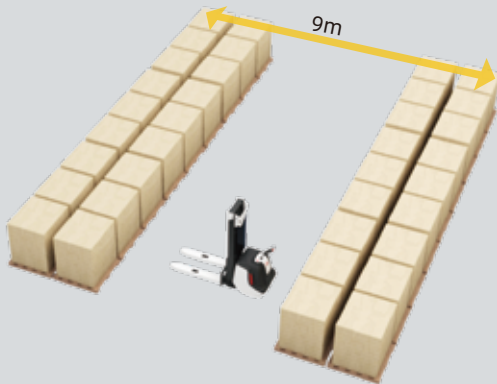

Transportation

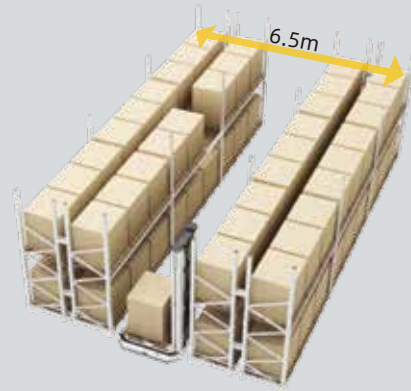

Space Utilization

Forklift solution

Efficiency increased by 80%

PTR solution

Space utilization increased by 30%

Cases
